DATES TO JUNE 18.

The Cole-Hiscock Tragedy.

NEW YORK, June 17.—The *Tribune's* Albany correspondent says that Mr. Cole is in better spirits. The friends of Hiscock and Cole are each collecting the antecedents of all parties concerned. Cole's letter, now in the custody of the Court, it is alleged, shows evidence of a murderous intention. Cole's latest version of the affair to intimidate friends, differs materially from his first statements, which he says was put forward to shield his wife and children. He now confesses that no violence was used towards his wife.

NEW YORK, June 17.—The *Tribune* says that Stanberry's opinion contradicts point for point every argument in the veto message of the President, but we cannot trust the President. Congress should assemble again in July. If the Administration forces another issue upon the country, we must promptly meet it.

The *Times* hopes that the President will not follow Stanberry's advice, and contends that he is precluded from doing so by having once declared that military commanders possess absolute power.

The *Herald* says: "Reconstruction cannot go forward until we have a new President. We are on the eve of new troubles."

The Indian War—Labor Strikers.

CHICAGO, June 17.—The *Tribune's* special says a telegram to the Interior Department from Fort Laramie, announces that twelve chiefs and three hundred Ogallallah Brule Sioux, representing two hundred lodges came in on Wednesday, to make peace. They report that all the northern Indians have abandoned hostilities and will arrange for peace.

The Secretary of the Illinois Labor Convention has issued a circular in which he says that the strikers received less than $200 in contributions from abroad, in place of many thousands promised, and the men were, therefore, compelled to surrender unconditionally. Eighty five per cent. are still out of work. The strikers are heavily in debt for Hall rent, counsel expenses, etc.

NEW YORK, June 17.—Western Union Telegraph Company, 141½.

Prospects of the July Session.

CHICAGO, June 17.—All the Senators in Wade's excursion party have expressed an intention to be present at the July session and have sent a telegram to Schenck, Chairman of the Union Congressional Committee at Washington, urging him to advise all Republicans to be present.

Surratt's Trial.

WASHINGTON, June 17.—Surratt's trial was continued to-day, Judge Fisher presiding. Surratt submitted an affidavit that his means were exhausted, and prayed the court to procure the attendance of witnesses at the expense of the Government. The prosecution proved the assassination of Lincoln. Jos. M. Dyer, of the regular army, identified Surratt as the man who was in company with Booth outside of Ford's theatre on the night of the assassination, and who called the time from the clerk in the theatre vestibule at three different intervals just before the murder. Dyer recognized Booth's photograph, and thought Chandler, now at the Tortugas, the third one of the party he had seen together that night. Witness suspected something wrong from the peculiar actions of Surratt and Booth. It is expected to-morrow to prove the flight of Surratt to Elmira, and thence to Canada the day following the assassination. The court announced that all witnesses for the defense would be paid by the Government.

The Cabinet have been convened in extraordinary session to-day, considering the subject of the removal of civil officers by the military. As the result of consultation, an executive order is in preparation and will be issued this week, restraining department commanders in the south from making removals, and as a consequence restoring civil officers heretofore removed.

From the Plains.

CHICAGO, June 17.—Senator Trumbull has returned from his western excursion, and declares that the Indian war is almost purely in interest of contractors and other interested parties. No large bands of organized Indians are now in the field. At the end of the Railroad line, cowardly contractors, gamblers and others demanded that Gen. Sherman should offer a government reward for Indian scalps. Sherman refused to countenance such barbarity and was actually insulted by the ruffians.

The Denver papers denounce Sherman unsparingly for his alleged inactivity and reluctance to co-operate with Gov Hunt. Senator, on the contrary, writes to General Grant that a barbarous and unparalleled warfare is being made by the Indians upon defenceless settlers, and says that Buford's report evinces reckless misrepresentations or criminal stupidity. Gen. Sherman has ordered the telegraph to be extended to the foot of the mountains so as to enable him to communicate with his troops.

Colored Jury.

NEW ORLEANS, June 17.—A jury of negroes was impannelled at Novreata, Texas, on Friday last, the first case on record.

Miscellaneous.

NEW YORK, June 17.—An unmistakable case of cholera was noticed to-day.

NEW YORK, June 17.—Among the passengers by the *St. Laurent* for Havre, on Saturday, were A. T. Stewart, Bierstadt, the artist, Wm. Lloyd Garrison, Maggie Mitchell, Simon Draper and J. W. Simonton. Six steamers left for Europe on that day, all having large passenger lists.

Special agent Brown, well known in San Francisco, died here on Saturday.

The Exposition correspondent of the *Times* says California has hardly made an effort to display her natural treasures. Her gold mines are barely represented. No adequate idea of her resources can be formed from the specimens sent. Nevada makes a surprising good display.

The delivery of California gold at this port since July, 1866, is $37,500,000. Exports of gold and silver hence during the same time, $39,640,000.

PHILADELPHIA, June 17.—The select council met to-day to consider a resolution of the common council relative to welcoming the President on his passage through the city. The resolution was strenuously opposed. When a vote was taken no quorum was found present, the Republican members having retired.

Mexico.

NEW YORK, June 18.—Havana dates are to June 12th. Shipments of provisions continue to Vera Cruz, but no materials of war. Hoffman Juarez, Consular Agent, had been compelled by the Captain General to leave Cuba. He protested against the proceedings, and claims $100,000 as compensation from the Spanish Government.

European News.

NEW YORK, June 17.—Paris news in this morning's papers give additional accounts of the Czar's visit to the great Exposition. Also, the reception of the King of Prussia and suite. The latter was not received with very much enthusiasm.

NEW YORK, June 18.—The steamer *City of Antwerp*, from Liverpool on the 6th, has arrived.

Berlin papers assert that an exchange of notes has taken place between France and Prussia with reference to the occupation of Rastadt by Prussian troops. Prussia reiterated its right to garrison that fortress, but declared it had no intention at present in taking advantage of that right. France did not pretend to contradict the Prussian assertion.

A steamer had arrived at Heart's Content, from England, for the purpose of repairing the broken cable as soon as the weather permits.

Work is about to be stopped on the fortifications of Vienna. Extensive reform will be introduced in the discipline and management of the Austrian army. It is said the Imperial Government is about to propose a law permitting trial by jury in penal cases, also, for the amendment of the Constitution.

LONDON, June 18.—A division in the House of Commons, after discussion on a portion of the reform bill, providing for a re-districting of the parliamentary seats, resulted in a majority of 46 for the Government.

AMERICA ABROAD.—A late Paris letter says: "America is looked upon in the light of a public benefactor. The *Great Eastern*, with her corporal's guard of passengers, almost caused a panic. It was expected that she would bring over two thousand persons, each with a gold bag tied to his back."

"Mark Twain," who has acquired celebrity in California as a humorous writer, is making a sensation in New York. His name is Samuel Clemens, a son of ex Gov. Clemens of Missouri.

The St. Louis *Democrat* says the Linden Hotel will certainly be rebuilt. Already $285,000 have been subscribed for the purpose.

The Lemhi Mines.

There is still a good deal of talk in the up-country papers about these mines. The latest we have seen is from the Boise *Statesman* of the 15th inst.

Mr. J. G. Bryant, of Idaho City, arrived yesterday in seven and a half days from Leesburg, by way of Camas prairie, making the trip in less time than any one who has come through this season. From him we learn much of this new mining locality, which has been for several months and is yet the chief attraction in the way of new mining excitements. In regard to the reliability of the mines, he says that time enough has not yet elapsed since it was possible to work or to prospect, to develop anything new. As to the extent of the mines, it is therefore almost as much a matter of doubt to-day as it was last fall when the snow suspended work. Large numbers of men are prospecting in all directions. It will yet be several weeks before anything new can be known that is founded upon actual work or prospects beyond the claims that were opened last fall. In regard to these latter, he informs us that some of them are paying remarkably well. Sierra gulch is one of the most noted. It has a very rich streak running through it. Some of the claims on it pay as high as fifty dollars per day to the hand. Other gulches are paying well if not equally as well. At the same time there are many claims, which were only prospected last fall, that do not meet expectations now that they are being worked. The amount of ground now being actually worked is not extensive. He does not express an opinion as to what will be the result of the next two months' work in the way of developing new diggings.

Business is extremely dull there and the markets full of almost every needed article. Some articles are sold at a sacrifice owing to the necessity of closing out cargoes and stocks by men who went in there with a small venture with the expectation of selling out readily. Flour is retailing at Salmon City for $4 per sack, jobbing from wagons as low as $6 per hundred. Potatoes are four cents per pound. Leesburg is a place of one hundred and fifty or two hundred houses, of the style and kind usually built in new mining camps. It was contrary to all precedent, built in advance of the business of the place. It was principally built on speculation during the long suspension of mining since last fall. When he first arrived there, a house could not be rented for any price, but they were all for sale. It is not now difficult to rent at moderate figures. Salmon City is a little town growing up quite rapidly on the Salmon at the mouth of the Lemhi. It is the terminus of wagon transportation, and is surrounded by both mines and some good agricultural land. From this place to Leesburg, goods must be packed over, and it is a tough road to travel. The population he does not think is increasing much at the present time; there being about as many goers as comers. Many who went from this place and vicinity are leaving for Montana. This is, however, but the experience of every new mining camp, and should not be taken as an unfavorable indication as to the character of the mines. The season is backward. From information given by men who have lived near there for four years, the snow is fully a month later in going off than is usually the case. The town is unusually quiet for a mining camp, and free from fights and disturbances. Every one appears to be there for business and not pleasure. There is not much gambling and little drinking and spreeing, such as generally characterizes a new camp. Mr. Bryant is well known both here and at Idaho City as a man of careful observation and good judgment. It would therefore be superfluous for us to say that his statements are entitled to full credit. He made a stay there of several weeks and disposed of a cargo of goods, but he does not advise anybody to go there at present. A few weeks more will show it to be either a very good mining camp or an indifferent one.

ARMY INTELLIGENCE.—The Vancouver *Register* publishes the following:

Court of inquiry which was in session here and in Portland, and of which Major Eliot is President, sailed in the *Ajax* for San Francisco, there to renew its business.

Major Allen relieves Captain Gray in the command of San Juan Island. Capt. Gray goes on leave of absence for six months.

Lieut. Burrows, 2d Artillery, now at Ft. Dalles, is transferred to that company of his regiment stationed at San Juan Island.

Bvt. Lt. Col. Ten Broeck, Surgeon U. S. A., for a long time stationed at this post as Medical Director of the Department, has been ordered to Washington City. He is relieved by Bvt. Col. Ghiselin, Surgeon U. S. A., who during the war occupied the position of Medical Director in Gen. Sheridan's command.

Our old friend Capt. Kelly is now in command of Fort Vancouver.

We regret to learn that the 14th Infantry band, universally acknowledged to be the finest band on the Pacific coast, will lose eight more of its members within the next two months by reason of the expiration of their term of enlistment. We understand that none of them will re-enlist. The number has already been reduced from the same cause from twenty-five to fourteen, and unless the small remnant of the band is reinforced by good musicians, its enduring fame will be numbered among the things that were.

ROBBERY AT VANCOUVER.—The Vancouver *Register* says:

The residence of Captain Hukes in this place was entered one night by burglars and numerous articles was stolen therefrom. The inmates had retired to bed at the time of the act, and although the next room was occupied, yet a successful entrance was made without awakening any one. Suspicion rested upon several soldiers, who deserted about the time of the burglary. Information reached town the next day that some of the stolen articles had been seen in the possession of some of these men, who had been seen near the river about nine miles above this place. A squad of men were immediately detailed by Capt. Kelly, who accompanied them, who pursued the scoundrels, but they had stolen a boat and succeeded in making their escape into Oregon. The stolen articles were however recovered and returned to the owner. Among the articles stolen was an immensely large meerschaum pipe, the handsomest one we have seen, and valued at about one hundred and twenty five dollars.

POSTAGE TO FOREIGN COUNTRIES.—A Washington dispatch says:

A uniform scale of progression for charging postage, having half an ounce as the unit throughout, has been adopted, as well for correspondence sent in transit through the United Kingdom, between the United States and British colonies and foreign countries generally, for the international correspondence between the United States and Great Britain and Ireland. In future, therefore, the postage upon all letters, for whatever destination, exchanged in the mails with Great Britain, will advance by a single rate for each half ounce, or fraction thereof, the same as upon domestic letters. Postmasters will take notice of this important change, and levy postage accordingly.

DISBURSEMENTS OF THE CONTINGENT FUND.—A letter from Secretary Seward, giving a statement of disbursements of the contingent fund of his department for 1866, is just published. It contains many interesting items, showing, among other things, that soap and horse flesh are in good demand at the State department. The outlay for soap and washing was two hundred and sixty dollars, while that for livery reached nearly seven hundred dollars. The three following items are worthy of record. For presents Tunisians, $381; for treaty boxes, $1,022; for board of Queen Emma, $1,007, and to R. S. Chilton, State Department, for Queen Emma, $233. The amount for treaty boxes, it will be noticed, runs up high.

The N. Y. *Evening Post* gives the cost of a genteel funeral in that city, at about $382; and the most inexpensive, respectable funeral at $101. So, dying as well as living is an expensive business there. The cost of a funeral in Boston, probably does not vary much from the New York standard.

"Uncle Tom's Cabin" is now in its three hundredth and twelfth edition. It is estimated that one million copies of the work have been sold, including the various translations. This work has attained a larger sale than any book published since the creation of the world excepting the bible.

California Politics.

It would not be at all surprising if the Republican party should be beaten in California in the September election. The danger is not in the strength of its opponents, but arises from its own dissensions. The ticket which was nominated at Sacramento on the 13th inst. appears to be unacceptable to a large share of the party, and many of the leading journals of the State, including the Sacramento *Union*, the *Alta* and *Bulletin*, protest against the action of the Convention and refuse to support the ticket. Their opposition is principally directed against Gorham, the candidate for Governor, whom they declare to be totally unfit for the position, not for want of talent or capacity, but because his former record and present associations are such that they believe the interests of the State would not be safe in his hands. According to these journals, he is a cunning manipulator of political bodies, and has been known in California as a skillful and unscrupulous lobbyist who has shown great tact in engineering selfish and corrupt schemes through the Legislature. His competitor for the gubernatorial office was John Bidwell, who is claimed by his friends as the real choice of the party for Governor. By shrewd management, however, Gorham beat him in the Convention, and the result, if we may judge by the papers before us, is a very wide spread dissatisfaction among the members of the party throughout the State. For these reasons we say it would not be at all surprising if the Republican party of California should be beaten in the coming election.

The Democrats have always stuck to their nominations through thick and thin, and in the days of Democratic ascendency the idea rarely if ever occurred to a member of that party to protest against a "regular nominee" because of his unfitness. They made nominations, no matter whether good or bad, and carried them through by rigid party discipline. The Republican party and the Whig party before it, have always been restive under the constraints of party, and have resisted time and again under the sort of discipline that Democrats would have borne with patience. Hence there is less opportunity for corrupt men to control the Republican party for their own ends than there is for the same class of politicians to use the Democratic organization for a like purpose.

Any party which achieves a series of unbroken triumphs by great majorities is likely to be cursed with a crowd of selfish office-seekers who care nothing for its integrity and whose only purpose is to use the party for their own agrandizement. Men of this character appear to have fastened themselves upon the Republican party of California. Its nominee for Governor may not be so objectionable as the journals we have quoted represent him, but if he is so unfit as they say, he ought certainly to be defeated, provided, of course, that his opponent be not as bad or worse than he. It would be a great misfortune for the national party to lose California at this time, both because reconstruction is not settled and because the Presidential election approaches. The honest masses of the Republican party of that State are to blame for the present situation, for had they taken an active interest in political affairs as they should have done, they might easily have checkmated the scheming politicians and avoided the present difficulty. We hope this lesson will not be lost upon the Republican party of Oregon.

Oregon Railroad Land Claims.

About a month ago a dispatch was published in the Oregonian relative to the application which had been made to the Department for the grant of land which was provided by the last Congress for the Oregon railroad. The following is a fuller dispatch on the one already published; we therefore give it a place:

> The Acting Secretary of the Interior has decided, in reference to an application of the Oregon Central Railroad Company [illegible] the benefit of an act of Congress granting lands [illegible] the construction of a railroad [illegible] Railroad in California, to Portland, Oregon, which the assent of such company was required, [illegible] Department could not accept the [illegible] individuals styling themselves "Corporators, [illegible] required by law to be filed in the Department of the Interior, but that the assent should be given [illegible] corporation through the action of the Board of Directors or other governing authority of the corporation, [illegible] a copy from the record of the meeting showing such action must be authenticated under the corporate seal of the company and filed in the Department.

The editor of the *Herald* has warmly commended Mr Cox's book, advising its introduction into our schools. We hope the *Herald* editor will himself go to school to Mr Cox, as he would learn some excellent lessons out of his book. We instance a passage which presents a short commentary on that clause of the Constitution which defines treason. "Treason against the United States," says Mr Cox, is defined as 'levying war against them, or in adhering to their enemies, giving them aid and comfort.' During the past six years we have seen that one-third of the States attempted to secede from this Union, and as they endeavored to accomplish it by making war against the United States, their act in so doing cannot avoid the legal construction of having been treason against the United States." As the editor of the *Herald* has written dozens of columns in the endeavor to prove that no treason has been committed, he may profitably study this extract. Brief as it is, the argument it contains spoils about half the work he has done during the past year.

George Alfred Townsend, in an eight column letter to the *Tribune*, gives the fullest account of the Paris Exposition we have seen. He pronounces it a much greater success than the English Exhibition in 1851. An idea of the size of the building may be gained from the statement that it takes twenty minutes to traverse its circumference, and forty five to go around the enclosing park. Fifteen thousand people are constantly employed about it, exclusive of visitors. The art collection is described at length, and praised in the highest terms. Meissonier, the great French painter, is said to strikingly resemble Phil. Sheridan. The American department is poor, compared to its possibilities, the only really great thing in it being its exhibition of pianos.

Must be a Mistake.—The Salem *Record* says that the New York *Herald* of May 10th contained an account of the death of Hon. O. H. Browning, Secretary of the Interior. We have full files of Eastern newspapers to the 21st of May, and have seen no account of such an event. The *Record* is certainly mistaken, and its insinuations against the telegraph for not furnishing this piece of imaginary news appear to be groundless.

In 1864 Clarke County, W. T., threw 321 votes. In the recent election the vote of the county was 627. This indicates a large increase of population. Other counties show a similar increase, and the Vancouver *Register* is encouraged to talk a little about the State of Washington.

The San Antonio *Express* says there is a good prospect of a Union triumph in Texas. The rebel Democracy have made extraordinary efforts to conciliate the colored people, but without success. The blacks almost to a man, will vote with the tried Unionists of the State.

On a Pleasure Trip.—Senator Corbett and family, Mr. Schuyler and wife, Senator Williams, and several ladies, yesterday left for a trip up the Columbia. Judge Williams proposes to spend a short time at the Umatilla Reservation and the balance of the party will continue on to Lewiston seeking for the pleasures attainable among the prominent romantic scenes of the Columbia river.

T. G Phelps, Wm Higby and C Hartson are the Republican candidates for Congress in the three districts of California.

STATE ITEMS.

The *Journal* says that a Bible meeting was held at Albany last week, by Rev I D Driver, at which the sum of $125 was collected for the Bible Society.

The editor of the *Advocate* has returned from a tour through the Yakima country and gives his readers a very entertaining history of his trip, embracing a great variety of matters and incidents, "all of which he saw, and part of which he was."

The *Advocate* says: The campmeeting near Hillsboro commenced on Friday last, and is still in progress. It will continue till Monday next. Before the P E left on Tuesday, between twenty and thirty persons had joined the church—a number had professed conversion. Rev J Flinn, the pastor, and Revs H Patterson and W B Smith, (local preachers) were laboring with zeal and success and the church generally were heartily co-operating with the ministers.

Why the Family Dye Colors are Used.—The celebrated *Family Dye Colors* of Howe & Stevens are in almost universal use—1st, Because they are the best in the market; 2d, They cost but little. 3d Can be used in any household with the ordinary utensils of the kitchen; 4th, Include every color that is wanted. 5th Never injure the most delicate fabric. 6th, Save the necessity of getting new garments. Sold by Smith & Davis.

Throat Affections.—A Physician writing from New Lane, New York, speaking of the beneficial effects resulting from the use of "*Brown's Bronchial Troches*," says: "For alleviating that horrid irritation only felt by those who have suffered from any *Bronchial Affection*, and for Hoarseness and Sore Throat, too, I am free to confess (though I am no M D) they answer all you claim for them." To avoid disappointment, be sure to obtain the *genuine* "Brown's Bronchial Troches."

The Best and Surest Remedy in the World for all diseases with which children are afflicted during the process of teething, is **Mrs Winslow's Soothing Syrup**. It not only relieves the child from pain, but invigorates the stomach and bowels, cures wind colic, and, by giving quiet sleep to the child, gives rest to the mother. Perfectly safe in all cases. 25 cents a bottle. Hostetter, Smith & Dean, Agents for the Pacific coast.

A Splendid Instrument.—We saw, yesterday, at J L. Parrish & Co's something new in the way of an organ—a French instrument called the Organ Harmonium—invented by Alphonse Redolphe. It is a very considerable modification of the organ as we have them from the American manufactories. It is provided with sixteen stops, each of which exercises a distinct and peculiar effect upon the tone. The base stops are the Forte, Jou Doux, (soft, sweet) Basson, Clarion, Bouden, English Horn, the treble stops are Expression, Tremolo, Scotch Bagpipe, Flute, Clarionette, Fife, Hautbois, Voix Celeste, Forte, and Knee or Full Expression. The effect of these stops in changing the tone is most surprising. For instance from the flute to Voix Celeste with Full Expression, the tone changes from what sounds precisely like a soft flute, to the full grand harmony which we would expect from an Angel choir—what the name imports. The Key-Board is movable and can be adjusted to any key, to any instrument, or to the voice of any singer. Other changes are no less surprising. The instruments are of the most perfect workmanship and of the highest finish, have taken the first medals at all the great European Expositions. The prices range from $175, to $500. Persons in want of an instrument should call and see them, for it is impossible to get a correct idea of them, except from personal inspection. J L. Parrish & Co, are sole agents for the Pacific coast.

A Sea Wall.—The great work of erecting a massive sea wall around the entire city front has been commenced in San Francisco. The sea wall once finished San Francisco will have as fine a harbor as any in the United States. KOHN & FISHEL, No 91 Front street, have adopted a rule of trading that is as beneficial to them as the sea wall to San Francisco. They ask but one price for their fine and custom-made Clothing, Dry Goods etc., and that price is so low that every person is satisfied that it requires no advertised figures to prove it, as facts are more positive proofs.

PERFECTLY SATISFIED.—Every one that visits BUCHTEL'S PHOTOGRAPH GALLERY, comes away perfectly satisfied with their bargains. The highest style of the art is reached in the beautiful Sun Pearls and Photographs.

Something New in Dental Surgery.
Extracting teeth by Dr Richardson's apparatus, with Ether or Rhigolene Spray, is local in its application, the teeth and surrounding parts only becoming insensible to pain. Those suffering from bad teeth can now have them removed free from pain and without the effects of inhaling chloroform, ether or nitrous oxide (laughing gas).
N. B.—To strangers I would say, that a constantly increasing Dental Practice for the last 5 years in this city, will be a sufficient guarantee for them to receive a First-Class and Finished Piece of Work. Numerous testimonials to the same can be given at the Office.

RUSSIA SALVE!

BURNS, SCALDS, CUTS, BRUISES, and all FLESH WOUNDS, for CHILBLAINS, CHAPPED HANDS, PILES and OLD SCROFULOUS SORES, ERUPTIONS, BLOTCHES, SALT RHEUM, and all CUTANEOUS DISEASES.
REDDING'S RUSSIA SALVE is a *purely Vegetable Ointment*, made from the very best materials, and combines in itself greater HEALING POWERS than any other preparation before the public. Its timely application has been the means of saving thousands of valuable lives, of relieving a vast amount of suffering, and wherever used has proved itself in reality A BOON TO SUFFERING HUMANITY.
SIXTY YEARS' GENERAL USE OF THE RUSSIA SALVE IS A NOBLE GUARANTEE OF ITS INCOMPARABLE VIRTUES AS A HEALING OINTMENT.
The very large sale of REDDING'S RUSSIA SALVE, during the past *sixty years*, has given rise to hundreds of unworthy imitations, but throughout all opposition, the RUSSIA SALVE maintains its supremacy as a *reliable preparation*, having a steady and permanent sale, and never deteriorating in quality, by age or climate, and is sold to dealers at a price enabling them to realize a generous profit by its sale.

SCHOOL EXHIBITION.—Yesterday afternoon the closing exercises of the term of the Central Public School were had. The High Department of this School is under the direction of O. S. Frambes, Principal; Mrs. S. E. Frambes, Assistant. Intermediate Department, Miss E. J. Way, Preceptress; Miss M. N. Gower, Assistant. Primary Department, Miss A. West, Preceptress; Miss C E. Polk, Assistant. The exercises consisted in dialogues, recitation, reading of compositions, etc. An immense throng of parents and friends of the pupils were present. The ceremonies took place in the large hall on the upper floor of the building which was appropriately decorated with flags, pictures of Washington, Lincoln, Grant, Sherman and other great men, and festoons of flowers and evergreens. The hall, at an early hour, was crowded to its utmost capacity with those anxious to witness the exercises. Following is the programme as it took place.

1. Declamation—A Common School Education—M. B. Anderson.
2. Dialogue—Faith, Hope and Charity—A Class of Girls.
3. Song—Gay and Happy—Francis Wilzinski (Intermediate Department).
4. Declamation—Life of Abraham Lincoln—T. M. Robinson.
5. Declamation—Vacation—Eddy O'Dee (Int. Dep.)
6. Declamation—Reply—Ida Hatery (Int. Dep.)
7. Singing—By the School.
8. Declamation—Duties of American Citizens—Asa Hamilton.
9. Dialogue—Lochiel's Warning—M. B. Anderson, W. E. Fitzhenry.
10. Recitation—The Wolf at the Door—Mattie Grooms.
11. Singing—By the School.
12. Dialogue—The Justice and the Prisoner—Gustavus and David Stearns.
13. Dialogue—What we Love—By a Class of Young Misses (Int. Dep)
14. Declamation—The Little Esconco Peddler—Joseph Simons.
15. Recitation—Trust in God and Do the Right—Francis Wilzinski.
16. Reading of the Schoolmate—M. B. Anderson,
17. Declamation—Public Schools the life of the Nation—W. E. Fitzhenry.
18. Dialogue—Class of Young Ladies.

After which the fairy scene of the crowning of the Queen of May, by a class of young ladies of the school, was performed in a very creditable and pleasing manner. The recitations and dialogues were generally excellent and well selected, and spoken in a very correct and praiseworthy manner.

The singing reflects great credit upon Mrs. Frambes, whose labors in that department, have not been without a reward. Singing is an accomplishment, socially considered, of the most important in the routine of school ing. "The mother or wife who can soothe a sick child by a lullaby, and the youth who can take part in a patriotic song, are more useful and better members of society than those whose voices have as little cultivation as bears, and no more music in their throats than can be [illegible] by a hand-saw." The exercises closed with [illegible] to all who witnessed them, and did credit to all who participated.

TO THE [illegible].—It is to us a matter of regret that [illegible] not received the following resolutions passed by the [illegible] fraternity of this city after the burial of [illegible] J. Holmes, on Thursday, so that we might at an earlier day have laid them before our readers. Mr. Pennoyer, the Secretary, is in no way responsible for their [illegible].

[illegible].—At a special meeting of Willamette Lodge No. 2, F. & A. M., held on the evening of June [illegible], 1867, Messrs. S. Pennoyer, P. C. Schuyler, Jr., and [illegible] Wilson were appointed a committee to prepare [illegible] expressive of the sense of the Lodge at the death of our late Brother, Thomas J. Holmes. At an adjourned meeting, held June 20th, the committee reported the following resolutions, which, by vote of the Lodge, were unanimously adopted, and ordered to be handed to the daily papers for publication:

WHEREAS, It has pleased the Supreme Architect of the Universe, suddenly and in the full vigor of manhood, to call from his earthly labors our late worthy and much respected Brother, Thomas J. Holmes, Mayor of the city of Portland, and Past Master of Willamette Lodge, one of the earliest residents of the city, as well as one of the oldest members of our Lodge; and

WHEREAS, It is but meet and proper that we should express our feelings of respect for his worth as a citizen, his virtues as a worthy member of our Ancient Fraternity, and our unfeigned sorrow at his death, therefore

Resolved, That we will accept and lay to heart the lesson which his sudden death so forcibly conveys, of the uncertain tenure we have of this mortal life, and of the great necessity of keeping our work constantly squared by the Sublime Tenets of the Great Light of Masonry, so that when we shall be summoned hence by the stern messenger Death (against whose approach the most faithful Tyler cannot guard) to tread alone the Dark Valley, and to appear before our Supreme Grand Master, we may at the last hear the welcome plaudit, "Well done thou good and faithful servant."

Resolved, That we will cherish the memory of our late Brother, for his fidelity and zeal for our Order; for his general uprightness and integrity as a man and a Mason; for his sympathy for the afflicted and distressed; for his friendly counsels to his neighbors and friends, and for the charity which he ever bestowed with a liberal [illegible] hand.

Resolved, That to the family of our deceased Brother, in their great bereavement, we tender our heartfelt [illegible] and sorrow; while reminding them that for [illegible] in this great affliction, so far beyond mortal assuagement, they should implore the help and comfort of our Heavenly Father whose pity, sympathy and love can soften every grief and use every affliction to the ultimate and lasting good of those who truly implore His everready aid.

Resolved, That the usual badge of mourning be worn by the Fraternity for thirty days, and that the Lodge Room be draped for the space of three months, as tokens of our sorrow.

Resolved, That the Secretary shall transmit a well authenticated copy of these Resolutions to the family of our lamented Brother.

[Attest.] SYLVESTER PENNOYER, Sec'y.

HARRISON STREET SCHOOL EXHIBITION.—The exhibition, yesterday, was well attended by the relatives and friends of those connected with the school, both as teachers and pupils—in fact so much so, that many were forced either to stand up, and some were unable to enjoy even that privilege. We were among the unfortunates who [illegible] a "standing seat" in the doorway, and if we did not hear all that was said, we saw all and guessed at the balance. This school has been conducted the past term by Mr. Warren as Principal, assisted by Miss Maria Kelly, Fannie Holman and Blanche A. Young. The school room was artistically decorated with evergreens, wreaths, mottoes, etc. Directly over the platform was an arch of evergreens, in the center of which stood out in bold relief the word "Welcome," with the picture of Lincoln on its right and that of Grant on the left. Directly in the rear of and above the stage were the mottoes, lettered in evergreens: "Excelsior," "I fly with my own wing," and "I can if I will." The exercises were [illegible] with a song by the entire school, accompanied by the melodeon, and were continued throughout with a variety of well selected songs, declamations, dialogues, debates, etc. The school paper was read by Miss Carrie Wilcox, was edited with ability, and received with repeated *encores*. We do not wish to particularize, for all performed their parts well, yet we were pleased with the rendering of the song "Come this way my father," accompanied by the melodeon, by Miss Selina Richards, a little girl of ten years of age; and we were forcibly "struck" with a wordy dialogue between Masters Birch, Wilcox and Bird, which, had we not known better, might have taken as decidedly personal. Mr. Warren certainly displayed good taste in producing variety in his programme, and the pupils seemed to be under excellent discipline, which was evinced by the composure and ease with which they performed their respective parts. The whole performance reflected great credit on Mr. W. and assistants, and we think gave general satisfaction to those present.

FROM ABOVE.—One of our citizens who has been on a trip to the upper country, gave us some items of interest from different points. At Walla Walla there had been lately erected a foundry. New water-works had been constructed on a novel plan, consisting of a large cistern or reservoir elevated some eighty feet above the [illegible] on heavy frame-work, which is supplied with water by a large hydraulic ram. The water thus elevated is conducted in pipes along the main street, and has "head" sufficient for the purposes of sprinklers and hose for use far and near affords protection in case of fire. Stages all start from the Oriental Hotel for all parts of the country. The express and mail line of stages is complete from Dalles to Great Salt Lake City, making seven days quicker time from the States to Portland than by the Overland route via Sacramento and reducing the fare to Boise City $15, and carrying from the Dalles passengers to Umatilla, daily, at $7, over good roads and high rolling prairies, which are now being surveyed for settlement by different parties of Government Surveyors. Large tracts of new land between the Dalles and Umatilla, well adapted to agriculture and stock-raising will soon be offered to settlers.

FOREMEN'S MEETING.—The Foremen of the different fire companies of the city had a meeting last evening. A communication was received from the Vancouver fire company, inviting the Fire Department of this city to participate with them in the celebration of the coming Fourth of July at Vancouver. A special meeting of the [illegible] will be held early next week to determine their course of action.

BALL ON THE FOURTH.—The Washington Guards, at their meeting last evening, resolved to give a ball on the [illegible] of the Fourth of July. This is a very good move, as it will not interfere with, but add to the other "doings" which are in contemplation for that occasion.

TRESPASS.—Some person to us unknown, at the dead hour of night, entered the premises of the "local" of these columns and stripped a cherry tree of most of its precious fruit. The midnight thieves were not satisfied with ordinary theft, but actually cut off some of the finest limbs of the tree and girdled others so that they will "die." Such acts as these, if the perpetrators could be discovered, would be punished seriously. Luckily, some punishment was meted out to the rascals by severely cutting themselves in their attempts to ruin the tree, as blood, and plenty of it, was found upon the grass underneath, as an evidence of their presence. We caution our friends against such midnight prowlers.

MONUMENTS.—Surveyor Burrage was busily engaged yesterday in setting city monuments for B street, which is done by placing a stone two and a half feet below the surface, and on top of that, immediately over the exact centre of the monument is placed a brass, perpendicular rod, about one-eighth of an inch in thickness, out of the top end of which is grooved two lines crossing each other at right angles in the centre of the rod, hence when the location of other monuments is necessary, all that is to be done is to go a few inches under the surface and by means of a plumb line the exact center of the monument is obtained. Certainly this is convenient.

LABOR.—As there are many idle men in the city, and many who would work if an opportunity offered, we take occasion to say that Capt. Kerns, of the *U. S. Grant*, informs us that every trip he makes he has applications for men to engage in the fisheries. One gentleman's works, nets, &c., are now lying idle for want of assistance. Capt. K. thinks thirty men could find employment at the fisheries at Chinook and other points. Wages rate from $40 to $50 per month and board. If there are any persons in want of employment, by application on board the *Grant*, they can learn further in regard to the prospects for work.

RECORDER'S COURT.—In this court yesterday Wm. R. Hill, on complaint of John Braniff, was arrested for an assault on the body of the latter, and case continued till this morning. A Chinaman was arrested and held to appear for the larceny of $150 from another Chinaman. Edward White and John McDonald were arrested, tried and convicted of an assault upon Earnest Case, and goes to the county jail for five days. John Lotty pleaded guilty of an assault and was fined $5 and costs.

TO ARRIVE.—The bark *Live Yankee*, from San Francisco, will probably arrive to-day. She is now *en route* up the river—is loaded heavily, and consigned to Mr. George Abernethy. Her cargo consists of 30 tons of salt, designed for the fisheries at Oak Point, and a large quantity of farming implements for Knapp, Burrell & Co., and Hawley & Co., dealers in those articles. These gentlemen lost a large quantity of implements by the loss of the *Senator*, and the *Yankee* has a duplicate of the cargo of the former vessel.

EXTRAORDINARY.—The strawberries received by Messrs. Siver & Fuln: First street, are certainly prodigious, in their way. These gentlemen presented us with some yesterday, and upon measurement, the largest one proved to be *five and one fourth* inches in circumference. They are called the Peabody Seedling, and are received by the gentlemen above named, from Monticello every Tuesday, Thursday and Saturday, and are kept for sale by them.

THANKS.—The ladies of the Unitarian Society are highly appreciated by the "nocturnal" printers of the OREGONIAN office for their kind recollection of them on the evening of their Festival, which assumed a tangible shape in the form of a splendid lunch, which fastidious typos did not fail to appreciate.

LUCKY ESCAPE.—A little son of Captain Hopkins, of this city, six years of age, yesterday fell off the wharf at the foot of Morrison street, near the New Columbian Hotel, but was fortunately rescued by a gentleman who luckily saw the boy when he fell, otherwise he would have drowned.

TO RETURN.—Leo. Wolf, who has been traveling through various countries in the hope of recovering his health, has written a letter to a friend of his in Portland that by the Fourth of July he will be with us once again, having nearly regained his usual good health.

PRODUCE.—The *Senator* yesterday brought down the following freight: 15 boxes of cherries, ½ bbl merchandise, 2,772 sacks flour, 237 sacks feed, 31 bales wool, 2 boxes woolen goods, 220 sacks wheat, 1 box merchandise, 2 bales merchandise, 7 sacks bacon.

MEETS TO-DAY.—The Children and Youth's Band of Hope meets this Saturday afternoon at 2 o'clock, at the Methodist Church. This is not a secret organization. Their pledge is to abstain from intoxicating liquors as a beverage, tobacco and profanity.

INJUNCTION.—In the U. S. District Court an application has been made by Jos. Buchtell for an injunction to restrain Wm. Policeman from using certain chemical agents in the manufacture of Photographs. The case will be heard to-day.

PINE STREET.—The grade and excavation on Pine street, between Fourth and Fifth, is being rapidly pushed forward to completion, and when completed as far as Seventh street, will give that portion of the city a decidedly improved appearance.

ARRIVED.—The *Alfred Crosby* arrived yesterday direct from San Juan, Puget Sound, with a full cargo consisting of limestone and lime; also 4,000 pounds of wool. This vessel made the trip in eight days without accident or incident.

WHEN IN.—Members of the "Honor!" Society, and all others who wish to participate in celebrating the Fourth of July with them, are invited to attend at the Council Chamber at 8 o'clock this (Saturday) evening.

FOR TILLAMOOK.—The schooner *Ellen*, from Tillamook, is at Astoria awaiting the return of the *U. S. Grant* which is to take down a cargo for her, when the return trip to Tillamook will be made.

STATE CASES.—Joseph Taylor and George Hill, tried before Esq. Anderson on the charge of an assault on the person of Wm. R. Hill, were yesterday discharged, after a full investigation.

DRILL.—We last evening, for a short time, dropped into the armory of the Washington Guards and were decidedly surprised at the proficiency they had attained in the manual of arms.

RETURNED.—Phillip Wasserman, Esq., who for a long time has been absent on a tour to Europe, returned on the *Oriflamme* yesterday, much to the satisfaction of his many friends.

ARRIVED.—The *U. S. Grant* arrived yesterday morning with a full cargo of pitch and salmon—the former was consigned to the proprietors of the turpentine works of this city.

MESSAGE.—To Mr. W. J. Ballou—Sir: You will please take notice that there is now at the telegraph office in this city, awaiting your order, a telegraphic message.

LOGS.—A large raft of logs was swung inside the boom at the upper end of town yesterday, for the use of the saw mill.

ROLL OF HONOR.—The Roll of Honor of the Harrison Street School will appear in our issue of Monday morning.

BASE BALL PLAYING.—The Pioneer Base Ball Club will meet this evening for practice at their grounds.

AT ASTORIA.—The revenue cutter *Joe Lane* is at Astoria, in the line of its duty.

THE *Oriflamme* has arrived, and so have Barmen Bros. Fourth of July suits at $9, and after the Fourth of July suits still go at $13 50 on the corner of Front and Morrison streets, Portland.

DELLA BARNES, of 245 South 30th Street, Jersey City, who has had a Grover & Baker Machine ten years, and is acquainted with nearly all the leading Sewing Machines, says the Grover & Baker Machine is superior to all others, because the work wears better on account of the elasticity of the stitch, and that the machine is more simple and less liable to get out of order. If, as the old adage declares, "Health is the Greatest earthly Blessings," then every effort to preserve it pay well.

DRAKE'S PLANTATION BITTERS

Have been of great service in making people healthy, and keeping them so. They should be found in every household.

They give tone to the Stomach, vigor to the body, and remove dark doubts and unhappy feelings from the mind. They relieve pain and fortify the whole system against the attacks of disease.

There is nothing better to take "for the Stomach sake" than the PLANTATION BITTERS.

They cure Dyspepsia, Heartburn, Indigestion, Drowsiness, Headache, Pain in the Side, Liver Complaint, and Rheumatic Pains, with magical power.

A good effect is felt at once upon making the first trial. No change of diet is necessary. Eat the best you can get and all you want. Follow our directions and you will soon feel

WELL, STRONG AND HEARTY.

A great many side hits are being made at the Plantation Bitters, by a score or two of disinterested friends who have endeavored to imitate or counterfeit them. It's all of no use! The people won't be imposed upon. The Plantation Bitters are increasing in use and popularity every day, and "that's what's the matter." They are the same sized bottle, and made just as they were at first, and will continue to be, or we shall stop making them.

They create a healthy appetite.
They are an antidote to change of water and diet.
They overcome effects of dissipation and late hours.
They strengthen the system and enliven the mind.
They prevent miasmatic and intermittent fevers.
They purify the breath and acidity of the stomach.
They cure Dyspepsia and Constipation.
They cure Diarrhœa, Cholera and Cholera Morbus.
They cure Liver Complaint and Nervous Headache.

They are the best Bitters in the world. They make the weak strong, and are exhausted nature's great restorer. The Recipe and full Circular are around each bottle. Clergymen, Merchants, and persons whose sedentary habits induce weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, liver complaint, constipation, &c., will find *immediate* and permanent relief in these Bitters. But above all, they are recommended to weak and delicate females and mothers.

They are sold by all respectable merchants. See that each bottle has our private United States Stamp over the cork and steel-plate side label.

Beware of refilled bottles. See that the stamp has not been tampered with. Any person pretending to sell Plantation Bitters by the gallon is a swindler and impostor, and should be immediately reported to us.

Mustang Liniment.

OVER A MILLION DOLLARS SAVED!

Gentlemen:—"I had a negro man worth $1,200 who took cold from a bad hurt in the leg, and was useless for over a year. I had used everything I could hear of without benefit, until I tried the Mexican Mustang Liniment. It soon effected a permanent cure."

J. L. DOWNING.

Montgomery, Ala., June 17, 1859.

"I take pleasure in recommending the Mexican Mustang Liniment as a valuable and indispensable article for Sprains, Sores, Scratches or Galls on Horses. Our men have used it for Burns, Bruises, Sores, Rheumatism, &c., and all say it acts like magic. J. W. HEWITT
Foreman American, Wells, Fargo's and Harnden's Express.

"The sprain of my daughter's ankle, occasioned while skating last winter, was entirely cured in one week, after she commenced using your celebrated Mustang Liniment.
Gloucester, Mass., Aug. 1, 1865. ED. SEELY."

It is an admitted fact that the Mexican Mustang Liniment performs more cures in shorter time, on man and beast, than any article ever discovered. Families, livery men and planters should always have it on hand. Quick and sure it certainly is. All genuine is wrapped in steel plate engravings, bearing U. S. Stamp of DEMAS BARNES & Co. over the top.

An effort has been made to counterfeit it with a cheap stone-plate label. *Look closely!*

Lyon's Katharion.

It is a most delightful Hair Dressing.
It eradicates scurf and dandruff.
It keeps the head cool and clean.
It makes the hair rich, soft and glossy.
It prevents hair turning gray and falling off.
It restores hair upon prematurely bald heads.

This is just what Lyon's Katharion will do. It is pretty—it is cheap—durable. It is literally sold by the car-load, and yet its almost incredible demand is daily increasing, until there is hardly a country store that does not keep it, or a family that does not use it.

E. THOMAS LYON, Chemist, N. Y.

Lyon's Extract Ginger.

LYON'S EXTRACT OF PURE JAMAICA GINGER—for Indigestion, Nausea, Heartburn, Sick Headache, Cholera Morbus, Flatulency, &c., where a warming stimulant is required. Its careful preparation and entire purity make a cheap and reliable article for culinary purposes. Sold everywhere at 50 cents per bottle. Ask for "LYON'S" PURE EXTRACT. Take no other

CAUTION—See that the private U. S. Stamp of Demas, Barnes & Co is over cork of each bottle. None other is genuine.

Lyon's Flea Powder.

DEATH TO FLEAS.—It is well known that Lyon's genuine Magnetic Powder will perfectly destroy everything in the shape of fleas, ticks, bed-bugs, roaches, &c.; that it is perfect poison to the insect tribe, but strictly harmless to the human species and domestic animals. The genuine has the signature of E. LYON, and the private stamp of DEMAS, BARNES & Co. Anything else of this kind is an imitation or counterfeit. Any druggist will procure the genuine if you insist you will have no other.

HOSTETTER'S
CELEBRATED STOMACH BITTERS
A Pure and Powerful Tonic,
Corrective and Alterative, of wonderful efficacy in Diseases of the
STOMACH, LIVER AND BOWELS.
PROTECTIVE PROPERTIES.
Prevents Fever and Ague and Billious Remittent Fevers; Fortifies the System against Miasma and the evil effects of unwholesome water; Invigorates the organs of digestion and the bowels;
Steadies the Nerves and tends to Prolong Life.
REMEDIAL PROPERTIES.
Cures Dyspepsia, Liver Complaint, Sick and Nervous Headache, General Debility, Nervousness, Depression of Spirits, Constipation, Colic, Intermittent Fevers, Sea Sickness, Cramps and Spasms, and all complaints of either sex arising from Bodily Weakness, whether inherent in the system or
PRODUCED BY SPECIAL CAUSES.

NOTHING THAT IS NOT WHOLESOME, GENIAL and restorative in its nature, enters into the composition of HOSTETTER'S STOMACH BITTERS. This popular preparation contains no mineral of any kind, no deadly botanical element; no fiery excitant; but is a combination of the extracts of rare balsamic herbs and plants, with the purest and mildest of all diffusive stimulants.

The weak stomach is rapidly invigorated, and the appetite restored by this Tonic, and hence it works wonders in cases of Dyspepsia, and in less confirmed forms of Indigestion. Acting as a gentle and painless aperient, as well as upon the liver, it also invariably relieves the Constipation superinduced by irregular action of the digestive and secretive organs.

Persons of feeble habit, liable to Nervous Attacks, Lowness of Spirits, and Fits of Languor, find prompt and permanent relief from the Bitters. The testimony on this point is conclusive, and from both sexes.

As a Genuine Tonic, HOSTETTER'S BITTERS produce effects which must be experienced or witnessed before they can be fully appreciated. In cases of Constitutional Weakness, Premature Decay, and Debility and Decrepitude arising from old age, it exercises the electric influence. In the convalescent stages of all diseases it operates as a delightful invigorant. When the powers of nature are relaxed, it operates to re-enforce and re-establish them.

Last, but not least, it is the only safe stimulant, being manufactured from sound and innocuous materials, and entirely free from the acrid elements present more or less in all the ordinary tonics and stomachics of the day.

John Wilkes Booth—A Copy of his Diary.

WASHINGTON, May 20.—So much has been said about the spoliation of the Booth diary since the charge was made by General Butler in Congress, that now the people generally, and, almost without an exception, the leading journals demand that the book be published, no matter whether the contents be important or unimportant. Upon representation to Johnson of all the circumstances and of the general demand that the diary be printed, in order that the people may for themselves judge of the facts and merits of the controversy about this book, the President gave his consent that a copy be published. The President himself never having seen this diary, had some days ago ordered a certified copy to be made, which was accordingly a few days ago furnished. I am permitted to send you a copy of this record as certified by the Judge Advocate:

EXECUTIVE MANSION, Washington, May 9, 1867.—The Secretary of War will please furnish the President with a certified copy of the "Diary" found upon the body of J. Wilkes Booth, together with a succinct statement of all the facts connected with its capture and its possession by the War Department.

ANDREW JOHNSON.

WAR DEPARTMENT, Washington, May 14, 1867.

To the President—Sir: I have the honor to submit herewith a copy of the entries contained in the memorandum book found on the person of J. Wilkes Booth at the time of his capture, certified by General Holt, Judge Advocate General, who has possession of the book, together with his report in relation thereto. The memorandum-book was first seen by me about the 26th day of April, 1865, shortly after Booth's capture, and a few hours before his remains reached Washington. It was brought to my house by Provost Marshal Baker and another person who was, I think, Lieut. Col. Conger. The book was then examined by me in presence of General Eckert, Assistant Secretary of War, and was found to contain only the entries certified by General Holt; also some photographs of females. Immediately preceding the entries some pages appeared to have been cut out, but there was nothing indicating what had been written, nor when nor by whom they had been cut out. Immediately after careful examination of the book and its contents, it was in the hands of General Eckert, in the same condition as when I first saw it, to be delivered to the Judge Advocate General, in whose possession, after its delivery by General Eckert, I am informed and believe it has continued until the present time. The last time I saw the book was some time last winter. It was then before the Judiciary Committee of the House of Representatives, and was in all respects in exactly the same condition as when I first saw it, without any change or alteration, so far as I could discover, in its contents. General Eckert reported to me that upon receiving the memorandum book from me he sealed it up and locked it up in his safe, and it continued in his possession until he delivered it to the Judge Advocate General, and that it was then in the same condition as when it was brought to my house by Baker.

Very respectfully, your obedient servant,

EDWIN M. STANTON,
Secretary of War.

The following is a copy of the writing, which was in pencil, in the diary taken from the body of J. Wilkes Booth:

Official copy [illegible] Judge Advocate Gen.

"Te amo." April 13, 14, Friday the Ides. Until to-day nothing was ever thought of sacrificing to our country's wrongs. For six months we had worked to capture, but our cause being almost lost, something decisive and great must be done. But its failure was owing to others who did not strike for their country with a heart. I struck boldly and not as the papers say. I walked with a firm step through a thousand of his friends, and was stopped, but pushed on. A Colonel was at his side. I shouted "sic semper" before I fired. In jumping broke my leg. I passed all his pickets and rode sixty miles that night with the bone of my leg tearing the flesh at every jump. I can never repent it, though we hated to kill. Our country owed all her trouble to him, and God simply made me the instrument of his punishment. The country is not what it was. This forced Union is not what I have loved. I care not what becomes of me. I have no desire to outlive my country. This night, "before the deed," I wrote a long article and left it for one of the editors of the National Intelligencer, in which I fully set forth our reasons for our proceedings. He or the Government [illegible]

Friday 21. After being hunted like a dog through swamps, woods, and last night being chased by gunboats till I was forced to return wet, cold and starving, with every man's hand against me, I am here in despair, and why? For doing what Brutus was honored for, what made Tell a hero; and yet I, for striking down a greater tyrant than they ever knew, am looked on as a common cutthroat. My action was purer than either of theirs. One hoped to be great, the other had not only his country's but his own wrongs to avenge. I hoped for no gain. I knew no private wrong. I struck for my country and that alone. A country that groaned beneath this tyranny and prayed for this end, and yet now behold the cold hand they extend to me. God cannot pardon me if I have done wrong; yet I cannot see my wrong except in serving a degenerate people. The little, the very little I have left behind to clear my name, the Government will not allow to be printed. So ends all. For my country I have given up all that makes life sweet and holy, brought misery upon my family, and am sure there is no pardon in Heaven for me since man condemns me so. I have only heard of what has been done (except what I did myself), and it fills me with horror. God, try and forgive me, and bless my mother. To-night I will once more try the river, with the intent to cross, though I have a greater desire and almost a mind to return to Washington and in a measure clear my name, which I feel I can do. I do not repent the blow I struck. I may before my God, but not to man. I think I have done well, though I am abandoned, with the curse of Cain upon me, when, if the world knew my heart, that one blow would have made me great, though I did desire no greatness. To-night I try to escape these bloodhounds once more. Who, who can read his fate? God's will be done. I have too great a soul to die like a criminal. Oh! may He, may He spare me that, and let me die bravely. I bless the entire world. I have never hated or wronged any one. This last was not a wrong unless God deems it so, and it is with Him to damn or bless me. And for this brave boy with me who often prays, (yes, before and since,) with a true and sincere heart. Was it crime in him? If so, why can he pray the same? I do not wish to shed a drop of blood, but I must fight the course. 'Tis all that's left me."

Upon a piece of paper found in the diary, and supposed to have been torn from it, is written the following:

"My Dear [Piece torn out.] Forgive me, but I have some little pride. I cannot blame you for want of hospitality. You know your own affairs. I was sick, tired with broken limb and in need of medical advice, and I could not have turned a dog from my door in such a plight. However, you were kind enough to give us something to eat, for which I not only thank you, but on account of the rebuke and manner in which to [piece torn out], it is not the substance but the way in which kindness is extended that makes one happy in the acceptance thereof. The sauce to meat is ceremony. Meeting were bare without it. Be kind enough to accept the inclosed five dollars, although hard to spare, for what we have received. Most respectfully, your obedient servant."

REPORT OF THE JUDGE ADVOCATE GENERAL.

BUREAU OF MILITARY JUSTICE,
New York, May 14, 1867.

Respectfully returned, with the copy asked for. The "Diary" purports to be one for 1864, and the leaves out or torn from it probably contained entries of that year, and were thus destroyed by Booth himself. It is absolutely certain that the diary is in all respects as it was when it came into my hands, and Col. Conger, who was prominent in the pursuit and capture of Booth, after having carefully examined it in my presence on yesterday, declared its condition to be now precisely the same as when he took it from Booth's body after he had been shot, the writing in it being the same and all which it then contained. Col. Conger was examined before the Judiciary Committee of the House of Representatives to-day.

J. HOLT, Judge Advocate General.

MORE EXCAVATIONS AT POMPEII.—A correspondent, writing from Naples, April 2d, says:

On last Friday there was an excavation in the presence of the Minister of the Royal Household, when a wonderful discovery was made. It was a kitchen that was disinterred, and on one of the *fornelli*—small square holes or fire-places, such as are in use at the present day, and are fed with charcoal—was found a copper vessel supported by a tripod. The vessel or saucepan was hermetically closed, and incrusted all over with *lapilli*, so that it required considerable force to open it. But how great was the surprise of those present to find that it was nearly full of water. The interior of the vessel presented no signs of oxidation, so that no one hesitated to taste the water, when it was found perfectly sweet and good. Pompeii, which has enriched us, after the lapse of nearly two thousand years, with jewels and paintings and sculptured marbles, which has almost supplied our tables with bread and honey, eggs and figs and a variety of other luxuries, has now slaked our thirst with water deposited in a vase so far back as the reign of Titus, and by one of the victims, perhaps, of the fires of Vesuvius. How curious are these revelations of the inner life of a people long since moldered into ashes!

DEFINING HIS POSITION.—The "Fat Contributor," while at Nashville recently, was requested to define his position in politics, which he did in a letter to "John Happy," of the Nashville *Banner*, as follows:

"I am aware of the necessity of knowing just where a man stands in these times which try men's soles—as well as the upper leather. To begin with, I am an old Henry Clay Whig, of the Polk school. I believed in the hard cider, during which I cast a somewhat colored vote for Jackson. I voted against the assassination of Lincoln, and am in favor of the immediate impeachment of Jefferson Davis. I favored the Maine law until they fired on our flags, together with several of our flat stones, when I went in for vigorous prosecution of peace. I am in favor of woman's rights if it is a good looking woman, and she writes to me. I don't know much about the Monroe Doctrine, and as for horse doctoring I don't know anything at all. I wouldn't vote to oblige a Mormon to have more than one wife, and am opposed to introducing cholera into the territories. I go in for tax on waterfalls, and am willing to allow chignons representation in Congress on basis of population. Finally, I am in favor of allowing the negro to vote in the South—it is the only way to make treason odorous.

FINANCE AND COMMERCE

WEEKLY REVIEW.

PORTLAND, FRIDAY, 2 P. M.,
June 21, 1867.

On the afternoon of the 19th gold closed in New York at 135½. On the 20th in San Francisco gold remained steady and closed at 131¾. Legal Tenders, 73 buying and 73½ selling. These are our latest quotations. Portland prices for Legal Tenders, rate about ½ per cent lower than those above quoted. There are no speculations to be indulged regarding the trade of the city at present, and facts exists, to state which, is all sufficient. As a general thing jobbers in all departments report a perceptible improvement over last week, although not sufficiently so as to create fluctuations in prices of any particular commodity. To what this is to be attributed it is scarcely possible to state to a certainty. Conjecture only can be indulged in, and that we leave to those who are fond of uncertain speculation.

Flour—Arrivals during the past week have been fully up to the week preceding, and consequently the *Oriflamme* will be fully freighted for San Francisco, as the prices, in jobbing, at that city are yet encouraging, and the desire for exportation to New York has not abated.

Wheat—But a small quantity of wheat has this week arrived, consequently but little is doing in that trade, and prices are seriously depressed.

Farming Implements—Have a fair sale, with no decrease in the demand.

Crops—There are indications of a good harvest, and from what we can learn from the farming community, there is no doubt but what the coming crops will be fully up to the average in this end of the valley. But in the Southern portion of the Willamette valley, the crops will not be so heavy. There has this year been a greater breadth sown than last, although in places the yield per acre will hardly be up to the average.

Hay—The crop of hay will be exceedingly light, and in places will scarcely pay for the cutting. We would urge economy both in the cutting and use of hay, in order that the scarcity of the article may be as slightly felt as possible.

Bacon—There is still plenty of bacon in the market, and prices rule quite low. Oregon bacon is quoted in San Francisco at 13½@14 cents.

Dried Fruits—The quantity of dried fruit in the market has experienced a slight decrease. No changes to note in the prices.

Lard—Continues as last week,—quoted with a supply up to the demand.

Sugars—The same figures rule to-day that did a week ago, although the supply is not up to the demand, and unless more arrives soon, a slight advance may be expected.

Salmon—At present the market is well supplied, although but small quantities have arrived during the week. Prices have advanced for half barrels to $6 50: full barrels have decreased and are quoted at $10 50.

Salt—Carmen Island has taken a decided advance of $2 50 per ton. Liverpool remains the same.

There are no data in San Francisco papers which will enlighten us commercially, therefore we make no extracts from their speculations.

We are in receipt of prices of freighting from Wallula to various points in the mining country, from a reliable gentleman, a resident of that place. To Boise City, ox teams, payable in dust, 5 cents, mule teams, 6 cents; to Idaho City, teams, 6½ cents; pack trains, 8 cents; to Pen d'Oreille Lake, or Colville, ox teams, 4 cents, mule teams, 5 cents; to Helena, Montana, pack trains, in dust, 16@17 cents; by trains to Pen d'Oreille Lake, thence by lake boats and pack trains the balance of the distance, 13 cents. Freight dull, with no prospect of higher rates.

Weekly Retail Family Market.

PORTLAND, June 21, 1867.

Business is good. This season has been, thus far, an exceedingly favorable one for early fruits, and the crops being ordinarily large prices are very low, and what has heretofore been considered a luxury, is now in general use. Groceries are without particular change. In provisions there is little doing. Eggs have advanced again 2 cents ⅌ dozen, with a prospect of another rise soon. Poultry is plentiful and cheap. Game—there is none in the market. Vegetables are becoming plentiful, and prices are declining. Potatoes only are an exception; they are scarce and high.

Consumption like the Rattle Snake, always gives warning of its approach. A hacking cough, dull pain in the chest, difficulty of breathing, are the indications that there is more or less irritation of the lungs. If this be neglected, and go on until pustules are formed, followed by tubercles, which sometimes eat off the blood vessels, death will be the result. **Allen's Lung Balsam** will heal the irritated parts, allay the inflammation, removing the phlegm and matter, thus stopping the cough, and preventing fatal consumption. PERRY DAVIS' VEGETABLE PAIN KILLER,

after a thorough trial, by innumerable living witnesses, has proved itself THE MEDICINE OF THE AGE. Although there have been many medicinal preparations brought before the public since the first introduction of Perry Davis' Vegetable Pain Killer, and large amounts expended in their introduction, the Pain Killer has continued to steadily advance in the estimation of the world as the best Family Medicine ever introduced. It is an internal and external remedy. One positive proof of its efficacy is, that the sales have constantly increased, and wholly upon its own merits. The effect of the Pain Killer upon the patient, when taken internally in case of Cold, Cough, Bowel Complaints, Cholera, Dysentery, and other affections of the system, has been truly wonderful, and has won for it a name among medical preparations that can never be forgotten. Its success in removing pain, as an external remedy in case of Burns, Bruises, Sores, Sprains, Cuts, Sting of Insects, and other causes of suffering, has secured for it such a host of testimony, as an almost infallible remedy, that it will be handed down to posterity as one of the greatest medical discoveries of the nineteenth century.

HELMBOLD'S EXTRACT BUCHU gives health and vigor to the frame and bloom to the pallid cheek. Debility is accompanied by many alarming symptoms, and if no treatment is submitted to, consumption, insanity, or epileptic fits ensue.

DR. HOSTETTER'S STOMACH BITTERS.—The operation of this palatable remedy upon the stomach, liver and excretory organs is singularly soothing and conservative. It regulates, recruits and purifies them. Dyspepsia in all its forms yields to its control and invigorating properties, and it is recommended to mothers, enfeebled by the cares and duties of maternity, as the safest and best tonic they can probably use. In all the crisis of female life it will be found eminently useful, and elderly persons will derive much more benefit from it than from ordinary stimulants.—Sold by the Druggists and dealers everywhere.
